

Freedom Fellowship is sending a ministry team from San Angelo to Belo Horizonte, Brazil. We have partnered with a Master's Commission ministry based there. Our team will receive hands-on ministry training in one of the most impoverished areas of the world. Your support will bless us as well as those we reach while in Brazil.

The need for Christian outreach and mission workers in this city is astounding. We are seeing 9 and 10 year-old girls being traded as prostitutes. Young boys are running guns at 7 and 8 years-old.
